**Press Release**

In our continued effort to support and sustain livelihood for the Seychellois citizen the Agency for Social Protection has found it necessary to undertake a facelift of its website to keep members of the public well informed and up to date with different matters related to the Agency, mindful of the requirements which had to be inserted in view of the COVID-19 pandemic.

The Agency had worked in close collaboration with a local web designer and we are pleased to informed that the website of Agency for Social Protection under the Ministry of Employment and Social Affairs are currently active.

We hope that we have captured all in one from not just being informative but also being friendly and practicable.
